

PURE ATTRACTION

**You are pure attraction
When I see you all around
Something strong, like a magnet
Drawing me to you**

**The wildness of your eyes
Your energizing glance
That leaves me blinded, intoxicated
Helplessly out of control**

**You attract me, you attract me
Do you feel like I do
You attract me, you attract me
Just like a magnet to an ion**

You attract me...

**So bright your smile
That your soul pours through
A soul so pure, a soul so free
I´m hypnotized by your being**

**Intriguing personality
Tender yet rough at once
Like an oasis in the desert
Reveal your life show me your world**

**You attract me, you attract me
Do you feel like I do
You attract me, you attract me
Just like a magnet to an ion**

You attract me...
